

Node S2: fixed order; every emission is awaited

1. risk writes risk-detail

2. finance writes finance-detail

3. risk writes summary
Exposure exceeds appetite

4. finance writes summary
Spend is within budget

Separate browser MCP fixture
risk/summary then finance/summary only
Both headlines checked in separate frames
No detail writes; not full Node S2 validation

Shared namespace
json-render: finance headline
A2UI DOM: finance visible
risk absent; no node count

Node MCP: briefing::risk
